

# TURON

The Silently Functional.

## PRODUCT DESCRIPTION

<b>MOUNTING</b>	SURFACE
<b>LIGHT SOURCE</b>	LED
<b>LIGHT DISTRIBUTION</b>	DIRECT
<b>MATERIALS</b>	POLYCARBONATE
<b>OPTIC</b>	OPAL
<b>COLOUR BODY</b>	WHITE

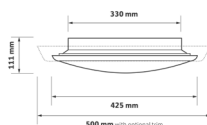

The TURON is a contemporary architectural LED bulkhead. Stylish from every angle, its low profile body forms a perfectly neat bulkhead for most back of house commercial applications. Sometimes the budget just doesn't allow you to splash out on beautifully engineered wall mounted fittings like the Talla. And that is fine. The Turon delivers a stylish look and feel for the areas that don't need quite so much glamour, such as the bike stores, the secondary stair cores and service areas. Choose between the gloss white bezel for more subtle effect or brushed aluminium bezel for a more contemporary installation. The Opal diffuser gives you a consistent light output whilst minimising glare, and with 2 output options of 1775Lm and 2500Lm, the Turon can deliver the light you need. Providing up to 137 lm/W, the Turon is highly efficient.
