

CINCA SQUARE

The Almost Invisible.

PRODUCT DESCRIPTION

MOUNTING	RECESSED
LIGHT SOURCE	LED
LIGHT DISTRIBUTION	DIRECT
MATERIALS	ALUMINIUM
OPTIC	CLEAR

The CINCA is a performance square architectural LED downlight with many talents. With 85mm bezel and several variations to choose from, it's a perfectly neat square downlight for most commercial applications.

Go bold with contrasting colours, or play it discrete with an almost invisible downlight – Cinca Square can do both. Choose between the black darklight baffle for a low glare solution or plaster-in bezel with a white baffle for a minimalist installation into your ceiling. With a choice of 20deg, 40deg and Asymmetric beams, Cinca can be used for both pinpoint accurate lighting of features, or as a general light source for your space. And the best thing about Cinca square? With a 95mm recess depth, this downlight should fit in the tightest of void spaces.
