Unique in design, the Erie adds a contemporary feel to any office space. Made with attention to detail, this high-quality luminaire offers an effective way of lighting spaces with low ceilings.

An all-round solution with a choice of 7 lengths and a broad range of joints and accessories, the Erie is a pioneering lighting system that allows for a comprehensive range of applications using just linear indirect light. Its innovative profile design is just 37mm deep, with chamfered edges to emphasise a thin, seamless luminaire.

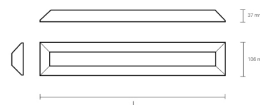

Used as a single unit or a sophisticated system, it is guaranteed to be noticed.
